Architecture and Project Setup

Bryan Hansen

DIRECTOR OF SOFTWARE DEVELOPMENT

@bh5k

Why Spring?
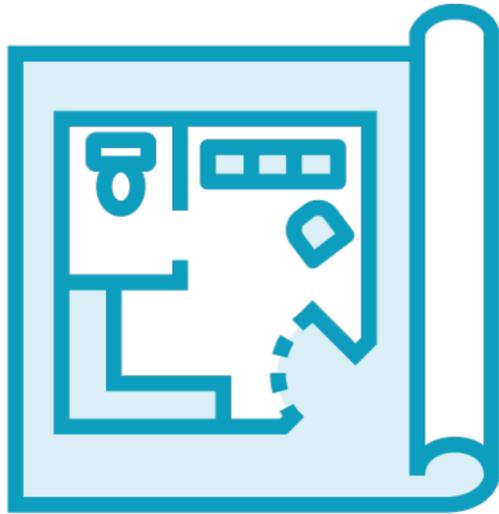

JEE Blueprints

WORA
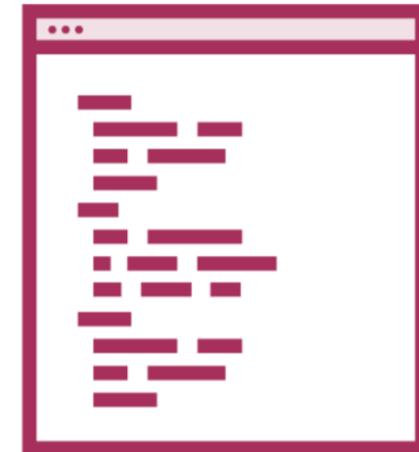

Hardcoded

Prerequisites

Java	Maven
Intellij	Tomcat

Configuration

Makes things brittle

Difficulties testing

Configuration

| Java configuration in Spring approach | Annotations in Spring | XML configuration method |

Getting Spring
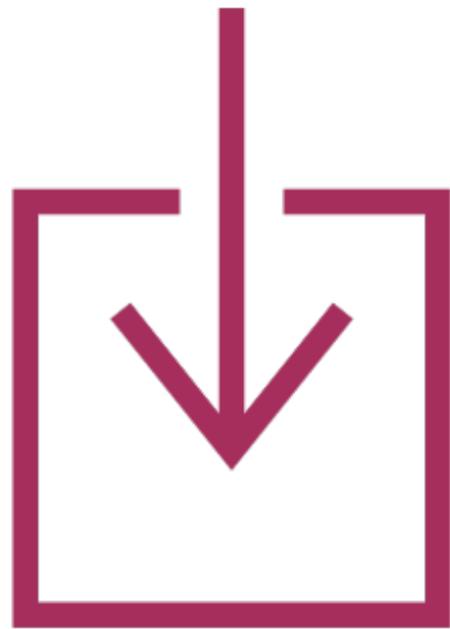

No direct download

Maven

Source, Javadocs, Binaries

Transitive dependencies

Spring Boot

Summary

Why

Prerequisites

Demo app

Pain points

Download Spring
